SECURITY

Evolve development language is PHP using Laravel Framework. The database is MySQL and is hosted on a AWS server.

AWS Protection

AWS maintains the high bar of data protection and privacy controls outlined in ISO/IEC 27018:2019 for all customer content as per our attached certification. AWS has a system of controls in place that specifically address the privacy protection of their content. AWS' alignment with and independent third-party assessment of this internationally recognized code of practice demonstrates AWS' commitment to the privacy and protection of customers' content.

EY CertifyPoint, an ISO certifying agent accredited by the Dutch Accreditation Council, a member of the International Accreditation Forum (IAF). Certificates issued by EY CertifyPoint are recognized as valid certificates in all countries with an IAF member.

All data flowing across the AWS global network that interconnects datacentres is automatically encrypted at the physical layer before it leaves our secured facilities. Additional encryption layers exist as well; for example, all VPC cross-region peering traffic, and customer or service-to-service TLS connections.

Our site is secure with SSL. The Secure Sockets Layer (SSL), is the world standard for secure data transmission over the Internet. SSL uses authentication and encryption technology developed by RSA Data Security Inc.

In addition, we use Hyper Text Transfer Protocol Secure (HTTPS) to protect your data.

Safeguard of Information

We are concerned about safeguarding the confidentiality of all information. We provide physical, electronic, and procedural safeguards to protect information we process and maintain. This is accomplished through restricted, password-activated access to the company's database as well as our SSL certificate.

PRIVACY POLICY

Transparency is key at Event Options. We manage the information collected through online RSVP forms in accordance with the Protection of Personal Information Act (POPI). This policy outlines the principles and practices we follow in protecting your personal information and is applicable to Event Options and to any sub-contractors providing services on our behalf. Event Options does not collect other technical information such as IP address or location.

CONSENT

We ask for consent to collect, use or disclose client personal information and we assume your consent to continue to use and, where applicable, disclose personal information that we have already collected, for the purpose for which the information was collected and or before sharing with sponsors.

By using our software, you are consenting to our processing of your information as set forth in this Privacy Policy now and as amended by us. "Processing," means using cookies on a computer/hand held device or using or touching information in any way, including, but not limited to, collecting, storing, deleting, using, combining and disclosing information.

STORAGE

We will retain provided data for as long as your event requires runs allowing for post event auditing if so required and for a reasonable time thereafter. We will retain automatically collected information for up to 30 days and thereafter may store it in aggregate. If you'd like us to delete provided data sooner, please contact us at info@eventoptions.co.za and we will respond in a reasonable time.
